### A Call for Humanity

As teenagers, charity plays a huge role in our lives. By giving to the less fortunate, we're taught empathy, positivity and kindness. When we get used to giving, we keep that mindset for the rest of our lives. A study at Harvard business school suggested that giving to others is directly linked with an increased sense of happiness. Not only is giving linked to positive feelings but it's also in our nature, giving to people in need is a natural instinct that people feel. When we act by those instincts it acts as a life lesson and teaches us that we should be thankful for what we have and that we should help people who don't have the same luxuries as us.

*Produce your own dream. It's quite possible to do anything, but not if you put it on the leaders. Don't expect anyone to come and do it for you. You have to do it yourself.\* - John Lennon*

Charity Bazaar

Food, Food, Food! Who doesn't like food? Our students organized a yummy Bake-Sale and collected a huge amount of donations from food lovers. It was so much fun under the sun.
